AGENDA FOR TELEPHONE INTERVIEW

Sir:

I would like to request a telephone interview on August 23, 2005. Please consider the following topics for discussion:

Ramster and *AT&T*, either alone or in combination, fail to teach or suggest a method in a network data processing system for processing a check, the method comprising: receiving a check image of the check from an automatic teller machine, wherein the check image is generated by a scanner in the automatic teller machine; performing optical character recognition on the check image to generate data; and performing check clearing processes using the check image and the data, as is recited in claim 1.

The Examiner is invited to call at the below-listed telephone number if it becomes necessary to reschedule the telephone interview. Thank you.
